REMARKS:

Per our conversation and my talk with [redacted] last evening (23 December) I think your trip report is excellent and will be very helpful. I would recommend that its external dissemination be restricted to Secretaries Laird and Rogers, Mr. Packard, Admiral Moorer, Ambassador Sullivan and (for protocol's sake) U. Alexis Johnson. I would also suggest that you not send it to any of the above unless or until you are sure they are available in town to receive it personally. Laird has scheduled a session for next Monday (28 December) which [redacted] will take. If you so desire he can hand carry copies to Laird and/or Packard at that time.

Merry Christmas.
